PRODUCT INTRODUCTION

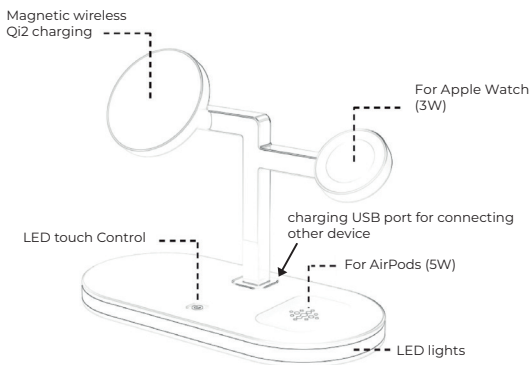

This is a multifunctional 5-in-1 magnetic wireless charging station designed to fast-charge your phone which supports wireless charging while simultaneously charging your Apple Watch, AirPods, and all devices supporting wireless charging. The device is also equipped with a USB port that allows you to connect an additional (fourth) device for charging. The product is equipped with a magnetic double coil, allowing you to place your phone vertically or horizontally without affecting the charging process, so you can use the phone without limits even while charging.

PRODUCT DETAILS

1. Requires a Type-C & QC 3.0 fast charging adapter when charging three devices with the night lamp simultaneously or when a fast charging effect is desired. We recommend an input of up to 35W to prevent insufficient or unstable charging of multiple devices.
2. The wireless charging station provides up to 15W fast charging, while the USB output provides a maximum of 10W. All Qi2-enabled magnetic phone charging supports 5W/7.5W/10W/15W.
3. The night lamp supports 3 levels of brightness adjustable by touch control. A short single touch turns on the light, next three touches changes the intensity of light.
4. Only compatible with magnetic-enabled cases for wireless charging attachment.

PRODUCT SPECIFICATION

Model NO	P24UD23B01
Product material	ABS+Zinc alloy
Input interface	Type-C
Input	PD/QC3,0/9V-4A/12V-2,5A
USB output	5V-2A
Phone wireless output	5W/7,5W/10W/15W
Watch wireless output	3W
Earphone wireless output	5W
Conversion efficiency	<80%
Transmission distance	<5mm
Product Size	175 × 85 × 130 mm

SAFETY INFORMATION

Please read the instructions carefully before using the product to ensure correct usage and proper storage.

- 1.** Do not disassemble or alter the product without authorization.
- 2.** Keep the product away from water or other liquids to prevent short circuits.
- 3.** Use the product within a temperature range of -10°C to 45°C. Avoid placing the product near fire sources or direct sunlight.
- 4.** Keep the product out of reach of children for safety.
- 5.** Avoid placing magnetic cards, magnetic stripe media, and precision machinery too close to the device. Not compatible with protective phone covers without MagSafe function.
