## HOW TO USE

Connect the device to the power supply using the charging cable. When charging the phone, place it flat on the designated charging area to start charging. After the phone is fully charged, simply remove it. If you need to stop the charging process, remove it from the charger.

When charging the Apple Watch, place the Apple Watch flat in the designated charging area to start charging the watch. After the watch is fully charged, remove it directly. If you need to stop the charging process, remove the Apple Watch directly.

When charging the AirPods, place them flat in the designated charging area to start charging. After being fully charged, simply remove the AirPods. During the charging process, if you need to stop the charging, remove them directly.

## COMPATIBILITY

Supports fast charge for iPhone and other devices supporting wireless charging. You can use MagSafe compatible phones or cases to ensure secure connection during charging. The device is equipped with the Qi2 charging standard.

## SPECIAL NOTE

1. When charging the Apple Watch, it is recommended to place it flat or vertically at a 90-degree angle.
2. We recommend using the provided charging cable for power supply.
