HOW TO USE

1. Open the folding charger. You can fold down/up the watch wireless charger while charging.
2. Connect this charger to PD/Quick Charger by USB cable. (Input: 30W or above)
3. Charge your devices.
 - (1) Charge your phone (stand-up)
 - (2) Charge your AirPods
 - (3) Charge your iWatch
 - (4) Charge your phone (lay flat)

PRODUCT DESCRIPTION

Thank you for choosing our 3-in-1 foldable wireless charger. This product has three wireless charging pads and allows you to charge your iPhone, AirPods, and iWatch simultaneously. It supports wireless charging for most Qi2-compatible smartphones. Portable compact size and high integration help you stay organized on your desktop or while traveling.

PACKING LIST

- 1× | 3-in-1 Foldable Wireless Charger Stand
- 1× | Type-C charging cable
- 1× | User manual

PRODUCT APPEARANCE

Charging pad for iPhone (magnetic): 7.5W / 10W / 15W

Charging pad for iWatch: 3W

Charging pad for AirPods: 5W

INSTRUCTIONS

- 1.** The product comes with a type-C charging cable. Please use an 30W or 35W or above fast charger, not a 10W or 18W charger. Otherwise, the indicator light of the charger will flash, causing abnormal charging.
- 2.** There is no indicator light when the AirPods and iWatch are charging.
- 3.** The cellphone indicator turns blue while the cellphone is placed on the charger pad and starts charging.
- 4.** The indicators start flashing slowly when the device is not placed or aligned properly, or the wireless charging connection is not established correctly, such as when a large gap is caused by some type of phone case. Adjust the positions or remove the phone case and check if the indicator shows normal charging.
- 5.** When the device is fully charged, simply pick it up from the pad to terminate charging.

PARAMETERS

Name	3-in-1 Foldable Wireless Charger Stand
Input	30W or above
Wireless Output for phone	5W / 7.5W / 10W / 15W
Wireless Output for AirPods	5W (max)
Wireless Output for iWatch	3W (max)
Material	Aluminum Alloy / Plastic
Product size	68 × 68 × 23 mm
Weight	220 g (Aluminium Alloy version) 186 g (Plastic version)

COMPATIBILITY LIST

The devices listed below have been tested and proven to be compatible with this product:

- iWatch 8, 7, 6, SE, 5,4,3,2
- AirPods Pro, 3, 2 (with wireless charging)
- iPhone 15 Series, 14 Serie
- iPhone 13, 13 Pro, 13 Pro Max
- iPhone 12, 12 Pro, 12 Pro Max
- iPhone 11, 11 Pro, 11 Pro Max
- iPhone X, XS, XS Max, XR
- iPhone 8, 8 Plus
- Samsung Galaxy S21, S20, S10, S10 Plus, S10E, S9, S9 Plus, S8, S8 Plus

- Samsung Note 10, 9, 8, 7, S7, S7 Edge, S6, S6 Edge, S6 Edge Plus

And other phones that support wireless charging. This product has been designed as per Qi2 specifications. For any questions or issues on compatibility, please contact us. Compatible with BPP, EPP, MPP, PPDE, (Samsung) protocols.

PRECAUTIONS

1. With the wireless charging technology, the induction coils shall be aligned properly so that the communication is established and battery charging can begin. The magnets in the phone charging pad are compatible with MagSafe iPhones and ensure accurate alignment. For the non-MagSafe models, you may have to align them manually.
2. The wireless charger has a type-C jack and accepts input 30W or above. Check the power ratings of the interface and make sure it can provide enough power.
3. The wireless charging distance is up to 4mm. Most nonmetallic cases are acceptable for wireless charging. Some thicker case on your phone, airpods or iwatch may cause failure of wireless charging.
4. The wireless charger has temperature detector inside as a kind of protection. When the temperature increases above 45°C, wireless charging stops, and

resumes when the temperature drops. With some devices that are not well compatible, the temperature may appear a little high. Pay special attention to the temperature rise in that case.

5. Avoid high temperature or humidity while using the product.
6. Avoid drop or strong impact.

CAUTION

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING

Underrated charger or cable may cause wireless charging slow down or failure. If the fast charger is not used, the indicator light will flash.
